

## **James Earl Jones**

Jim Jones is a native of Asheville, North Carolina. After graduation from High School Jim began his career in manufacturing operations with Schwitzer located in Asheville, North Carolina. Jim continued his roles in Manufacturing Management through BorgWarner. Jim became the Director of Operations for Arotech Powertrain LLC in 2005 and has more than 30 years experience in the metal working industry and heavy manufacturing industry. During three years Jim has served as Management liaison to Safety Committees, assisted in program implementations, equipment design and procurement, start-up and movement of business units, and had ultimate responsibility for Safety and Environmental Compliance for facilities. Facilities currently under Jim's leadership have worked more than 2 years without a recordable incident in heavy machining environments and more than 3 years without a lost time incident.

Jim attended Montreat College and holds a Bachelors degree in Business. Jim is also holds a Six Sigma Black Belt.
