

## **Allen McCullough**

Allen McCullough graduated from Blue Ridge Community College (BRCC) in 2004 with a degree in Environmental Science Technology and immediately began working at the Environmental Health and Safety Institute (EHSI) at BRCC. The EHSI provides safety inspections and safety training to all 58 community colleges in NC. Allen was named director of the institute in August of 2009 after graduating from WCU with a B.S. in Business Administration. Allen is a member of the National Environmental Health Association, the National Registry of Environmental Professionals, the Hazardous Materials Training Research Institute, and holds the NCDOL MESH Certificate and the NSC Advanced Safety Certificate.
