aspradley@biltmore.com

Andy is the Safety Manager for Biltmore. He is responsible for the safety and health of Biltmore Company's employees, guests, and the property. He works with NC OSHA, the Department of Labor, NC Industrial Commission, and the EPA to keep the company in compliance.

Andy does most of the safety training on the Estate, he also arranges outside training with the NC Industrial Commission and other agencies.

Andy has been with the Biltmore Company for the past 20 years.

He began working in the Biltmore Vineyards growing wine grapes and training employees in chemical safety and the EPA's Worker Protection Standards.

Andy is a board member of the Western Carolina Safety Council, Western North Carolina Safety and Health School Board, he serves on the planning committee for the North Carolina Statewide Safety Conference.

If you have any questions regarding safety, training, or compliance please give him a call.
