

## MUSCULOSKELETAL INJURY IN THE OLDER WORKER

A One-Day Offering at the  
2010 WNC SAFETY & HEALTH  
CONFERENCE

November 8, 2010  
Doubletree Biltmore  
Asheville, NC 28803

Join us for a “head-to-toe” look at the effects of aging on the musculoskeletal system.

Objectives for this educational offering:

- Identify challenges & solutions for **shoulder & knee** injuries in the older worker.
- Identify challenges & solutions for **cervical & lumbar spine** injuries in the older worker.
- Identify challenges & solutions for **foot and ankle** injuries in the older worker.
- Identify challenges & solutions for **upper extremity** injuries in the older worker.
- Describe proper “wearing & caring” of the custom splint. (Observe actual fabrication of a custom splint in class!)

Your speakers for the day will be:

- 9AM-9:45AM Dr. Peter Mangone from Blue Ridge Bone & Joint
- 10AM-10:45AM Dr. Bradd Burkhardt from Blue Ridge Bone & Joint
- 11AM-11:45AM Dr. John Hicks from Blue Ridge Bone & Joint
- 2PM-3PM Dr. Ron Neimkin from Carolina Hand and Sports Medicine
- 3PM-4PM Suzanne Doddridge, OT from Carolina Hand Therapy

4.25 Contact hours have been applied for from the American Association of Occupational Health Nurses (AAOHN.)

Registration fee for the one-day educational offering is \$65, which includes lunch.  
If attending the entire conference, the registration fee is only \$50.
